

The price of the exclusive Lindsay Park Priority Access Ticket is \$50 and includes:

- A priority and secured invitation to purchase one of only 1,000 units in the next horse to be purchased at the Inglis Easter thoroughbred auction at Riverside NSW
- The full ticket price off your purchase at the checkout
- A Limited Edition miRunners and Lindsay Park merchandise pack. A one off design cap only available to Priority Access Ticket holders to proudly wear with your friends, your family and at the track
- Tickets to a sneak peak tour of the Inglis auction in person on Sunday 7th April 2019 at 4pm at Inglis Riverside (travel costs are not included)
- An exclusive on purchase signed photo
- Invitation (if unable to attend) to watch live feed of the auction

Your ticket is redeemable against a single unit purchase of the thoroughbred purchased at this auction.

Upon redemption your ticket will provide \$50 off at checkout.

The voucher also includes the option to participate in viewing live the Inglis yearling auctions; participation in the auction either in person (travel to and accommodation at Riverside at the individual's own expense) or via live link (details to be confirmed).

One thousand units will be created for any horse purchased at auction, and offered to members of the public.

A full product disclosure/offer document will form part of that sale contract.

The price of any unit offered in any horse bought at auction is yet to be fixed and will be directly proportional to the purchase price of the horse at auction. Ownership of a ticket will guarantee the option to buy a unit at the issued price ahead of general sale to the general public. Ticket holders are not obligated to buy a unit in a horse, however, the ticket is non-refundable.

Ticket holders will be approached by miRunners once any horse successfully bought at auction is ready for offer, and ticket holders will then have 72 hours from that point in time to exercise their right to purchase their unit. After that period, unused tickets will be deemed to be expired, and unclaimed units will be offered to sale to the general public, at which point former ticket owners will be able to buy units from this general allocation.

miRunners reserves the right to buy more than one horse at auction, to buy only one horse at auction, or the right not to bid on any horse at auction. There is also no guarantee of success of holding the winning bid at auction.

miRunners expects to bid on horse(s) in a range between \$150,000 and \$300,000. If miRunners is out-bid on any suitable horse on which it chooses to bid, it is not bound to make any offer of units to voucher holders.

miRunners will only sell an initial total of 1,000 vouchers equal to the number of units in a horse.

Should demand for units in horses exceed supply (i.e. if there are more than 1,000 registered early participants) miRunners reserves the right to offer more tickets for sale against possible future units in additional horses.

Ticket holders must retain their tickets until the completion of the Inglis Easter auction in April 2019, but will then have the option to buy units offered in any horse bought at auction.

Tickets will be available for purchase from the miRunners web site at miRunners.com.

Individuals may purchase between 1 and a maximum of 20 tickets.

Key dates: tickets will be available for purchase between Tuesday 26th March 2019 and Tuesday 9th April 2019. The Inglis Easter yearlings auction event is held between 9th and 10th of April 2019. Yearlings inspections take place between 7th and 9th April 2019. Units in any horse(s) bought at the Inglis auction will be offered for sale in the first instance to ticket holders at a date soon after the completion of the purchase of the horse, likely to be in April 2019. That commitment and date are subject to confirmation.

Other factors: it is the nature of livestock purchase and ownership that factors beyond miRunners' control can affect the outcome of any offer made or implied here. These include but are not limited to: winning bids at auction, the subsequent purchase completion process, the health and viability of any horse purchased, veterinary's and trainer's assessments of the horse being fit for sale through units, and how such assessments might influence the release date for units.

Tickets are not redeemable against any other offer, product or service from miRunners, or any other organization. Tickets have no cash exchange value. Tickets cannot be transferred or be part-used.

These terms and conditions are guidance only, and do not warrant a firm contract. MiRunners reserves the right to update, change or withdraw this offer at any time.
